

ENVIRONMENTAL INDUSTRIES UNLIMITED

Environmental Industries

- ▶ A private firm
- ▶ Product: organic fertilizer

Problem situation

- ▶ Chemical fertilizer imports > 600 000 tons p.a
- ▶ Cost to farmers: out of 6million farm families, 3 millions cant afford it without Mk142 Billion Government Subsidies
- ▶ Environmental degradation causing soil acidity, malnourished soils

Solutions

- ▶ Organic fertilizer: applicable to Malawi main crops

Benefits

- ▶ Home grown solution
- ▶ Improves crop yield at par with or better than chemical fertilizer
- ▶ Conserves soil fertility

Challenges

- ▶ limited capacity, limited access at 1.2million litters while demand is at 100 million litters

Plan

- ▶ Establish more stations for easy access to 100 million liters of Bionitrate fertilizer
